Basiński because of Basiński (the one from Mumio) Band because of music, so with the band Fiction because of made-up stories that are quite likely to be true *More than a concert* Less than a performance More than anything else A lot of instruments on stage, but fewer musicians (including Basiński) A lot of music, but no fewer words (sometimes without music) A lot about life and no less in the abstract groovy melodious chanting singing dialogical ambient dynamic electronic electrical guitar-based improvisational acoustic synth bass-y trombone-y danceable heavy

rough good

(Editors' note: Dariusz Basiński's songs are performed by a funk-blues-jazz-rock quartet; the concert is combined with a literary narrative of a therapeutic and cathartic nature that, however, does not exclude comedy. The performance is unprecedented on the Polish music market and announces an album).
