**The members of NAGO come from different planets but were brought together by a sudden, unexpected and mysterious force. Since then, they have been meeting and creating together with great pleasure, and the sum of their musical ideas is defined as indie/pop. The line-up consists of members of such bands as Jamal, Chilli Crew, Pikes or Humble Buzz.**

They want to present you something you haven't heard before, because - among other reasons - this is only the band's third concert...
